

Small and Disabled Veterans Business Enterprise Certification Workshop

“ Thank you for a great class yesterday. I found it very informative as well as reassuring to know small businesses have resources such as yourself to assist in our growth plans ”

The State of California established the SB and DVBE Certification Programs to increase business opportunities for the SB and DVBE community thereby stimulating the State's overall economy. These programs help SBs and DVBEs participate on a more level playing field when competing for State Contracts.

- Are you a small business owner looking for extra business exposure?
- Do you want prime contractors to have access to your business 24/7?
- Do you want to have a level playing field when it comes to contract opportunities?
- Do you want a piece of the over \$1 billion in aid for transportation projects in California?
- Do you want your small business to get the success it deserves?

Caltrans District 11
District Office
4050 Taylor Street
